## Great Ideas!

Looking for new programming ideas?  
Consider this innovative programming workshop to get your creativity flowing.

- Crafts: Fun time to make and take—great affordable ideas to use at your facility.
- Teambuilding & Icebreakers: Great way to meet other participants with activities to use with groups of all ages.
- Environmental Ed. Activities: Fun activities that will help bring awareness of the environment to your participants.
- GPS -beyond Geocaching: Learn fun activities to add to your programming with using GPS units.
- Agency Partnerships: Collect information on the resources available from other agencies such as KDFWR, Kentucky State Parks, etc.
- Programming Ideas: Networking is a great way to share your programming ideas and collect new ideas. Bring any information you would like to share for this discussion forum.
- Safe Playgrounds: Determine if your playgrounds are truly safe.

## What's Innovative?

Innovative— "*The act of introducing something new.*" (The American Heritage Dictionary)

Have you ever thrown your hands up in the air while trying to come up with new ideas? Or have guests come to your facility talking about some-

GPS and geocaching

thing great they did somewhere else but you don't know what it is or how to do it?

If you answered "yes" to any of the above questions, we want to invite you to the KRPS and Barren River Lake SRP Innovative Workshop.

Participating in this workshop will give you the opportunity to learn about new activities as well as share any new ideas you may have.

*The Kentucky Recreation & Park Society's mission is to further the growth and development of recreation and park services in Kentucky.*
